All this is achieved by a group of peers supporting you, providing you with the best professional sounding board imaginable with the constant support of a world-class business mentor.

## WHAT IS TEC?

TEC is an international membership organisation which provides ongoing learning and development for chief executives, managing directors and business owners who meet with their peers for a day each month, in a confidential and supportive group.

## THE MOST EFFECTIVE DAY OF THE MONTH

TEC members outperform. Quite simply, their businesses improve. In a recent survey carried out in the United States by our affiliate Vistage International Inc, some revealing statistics were collected.

Compared to other businesses, TEC member organisations outperformed their peers by significant margins. This is highlighted clearly in the following graphs.
